Subject: Spreadsheets Supporting EPA's Proposed Listings

Hi Gretchen (& Helen),

Here are the spreadsheets included in our public notice on the web. Lori wants to know if these spreadsheets reflect data downloaded from all of the databases such as STORET, Lasar etc. and reviewed, not just the data used for listing.

Do you have a spreadsheet on the STORET from Portland Harbor that you reviewed? If so, can you either email to me or save on disk and give to me?
